

V-PRO® SEAM TAPE

V-PRO® Seam Tape is the ultimate cost-effective tape for holding Protection Board securely together. For masking the sides to the floor, it is recommended that you use special Edge Tape for this purpose depending on which floor you are covering, to prevent the tape from leaving residue on your floor surfaces, walls and stairs.

TECHNICAL DATA SHEET: PFR130

Carrier:	PE (polyethylene)	
Adhesive:	Modified acrylic	
Color:	Blue	
Thickness:	0,130 +/- 7%	
Adhesive Strength Afera 5001 (N/25 mm):	12 +-2 [N/25 mm]	
Application Temperature (C):	>15 [°C]	
Temperature Resistance (C):	+5 to +40	
Product code:	PFR130	
Size:	2" x 110'	
Quality Control Norm:	AFERA	
Shelf Life and Storage Instructions:	12 months from delivery time when stored in original boxes at a temperature of 21C and a relative humidity of 50%.	

Precautions

All products manufactured by VERBO, Netherlands are guaranteed to be free from defects at the time of shipping when tested according to VERBO product specifications. Properties of the products are susceptible to change due to various influences such as composition and condition of the substrate, impurities in or on the substrate, temperature and humidity of storage and the surrounding environment during application etc. When the VERBO product is used in combination with other material, the user shall assure by his own tests the compatibility of the VERBO product in the resulting combination and whether the combination results in the expected performance. The product should be protected against direct sunlight and extremes in temperature and humidity. It should be protected against dust and impurities.

Test methods and results

The properties of these products are determined in accordance with VERBO test methods. The above figures are average values, established to our best knowledge, but not to be used for specification purposes.
